

Raising Important Issues & Engaging Community Dialogue Beyond Our Horizon

FilmWorks Forum

Submit a Film:

We actively seek out films that are relevant to the cultural, environmental and political climate of our times and that have a close connection to our region and the interests of our communities. We encourage filmmakers interested in submitting their films to call or email us.

Sponsor a Film:

We are always open to collaborations with regional nonprofit organizations to screen films that are of mutual interest to our communities.

Suggest a Film:

Your input into the selection of these films is vitally important. We welcome any suggestion that you have and any leads to filmmakers who may want to screen a film that fits the criteria.

Contact us at info@themoviehouse.net or call our office at 860-435-2897
